#### **VESPA IS YOUNG**

Vespa is a timeless Italian style icon that goes beyond mere trends. Thanks to unique design and technology, it has been a symbol for 70 years, because it is unique and always unexpected. Vespa is much more than just a scooter: it's the companion of countless adventures, a reflection of our own personality, a celebration of design, technology, and independence. For generations it has inspired freedom, mixing elegance, audacity, and style, and adding a bit of unpredictability and color to our lives.

Vespa

The classy, irreverent side of light mobility.

## **VESPA GTS** 125 / 150 / 300

Innovation and elegance at the highest level: the Vespa GTS is unrivaled on the market. The elegant lines of the vehicle offer a range of sophisticated colors and refined stylistic solutions: daytime running LED lights, new seats, new front suspension, analog and digital instruments with new graphic, USB port, and bike finder system. The new, liquid-cooled i-get 125cc and 150cc engines offer the ultimate in terms of efficiency, low fuel consumption, silence, and respect for the environment, thanks to the innovative Start&Stop system patented by Piaggio (RISS). The powerful 300cc engine completes the range, which also complies with the new Euro 4 regulations. It has maximum stability thanks to the ABS system that is also coupled with the ASR system on the 300cc model, for absolute driving safety.

### **VESPA GTS SUPER** 125 /150/300

Vespa expresses its most dynamic side with the GTS Super, a vehicle in which the Vespa design is enriched with sporting details like the grill with right side graphic, the wheel rims with new black diamond finish, the new front suspension, the new analog and digital instrumentation with red backlighting and new sporty graphic, the USB port, and the bike finder system. The new, liquid-cooled i-get 125cc and 150cc engines offer the maximum in terms of efficiency, low fuel consumption, silence, and respect for the environment, thanks to the new Start&Stop system patented by Piaggio (RISS). The powerful 300cc engine completes the range, which also complies with the new Euro 4 regulations. It has maximum stability thanks to the ABS system that is also coupled with the ASR system on the 300cc model, for absolute driving safety.
